CANDIDATE NAME

Arav Sharma

No.
OTHER GROUP MEMBERS Sankalp Mundra, Arav Sharma, Riya Mittal

PROJECT TITLE:

Dinance Dubai

CAS ELEMENTS INVOLVED. Please establish approximately the percentage of time spent on each one.

CREATIVITY

Yes

ACTION

No

SERVICE

Yes

I – INTRODUCTION

Write a brief description of the project. Explain its characteristics and context (When coordinating with another institution, please provide its description, aims, targeted population, context, etc.)

The Dinance club is the first student-led blockchain and cryptocurrency club in the United Arab Emirates.

The Dinance club has already completed their first and second sessions on the introduction to blockchain and its career options. These sessions were important and informative conferences where we were joined by guest speakers, Mr Arjun Dhanoa, Ms Vandana Mahajan and Mr Aaron Sofocles and Arav Sharma.

We recently hosted our third session on Decentralized Finance (DeFi) by CA Pankaj Mundra and have regularly been posting updates in the world of blockchain and cryptocurrency.

Finally, we have also come up with a n innovating blockchain and AI competition by the name of B.A.S.I.C aimed at high school students from around the world.

II – ORGANIZATION**1. DIAGNOSIS****● Identified needs (show elements of international mindedness/global awareness)**

Globalization due to technological advancement has shifted the perspective to tech systems and other mediums gathering money. Blockchain technology and cryptocurrency markets are starting to rule the world. As a result, this club is an establishment created to educate the youth about the procedures and working of blockchain and cryptocurrencies in order to furnish an equipped generation of people .

2. PLANNING**● Learning Objectives**

1. Identify own strengths and develop areas for growth
2. Demonstrate that challenges have been undertaken, developing new skills in the process
3. Demonstrate how to initiate and plan a CAS experience
4. Show commitment to and perseverance in CAS experiences
5. Demonstrate the skills and recognize the benefits of working collaboratively
6. Demonstrate engagement with issues of global significance

● Description of planned activities

The Dinance club has already completed their first and second sessions on the introduction to blockchain and its career options. These sessions were important and informative conferences where we were joined by guest speakers, Mr Arjun Dhanoa, Ms Vandana Mahajan and Mr Aaron Sofocles and Arav Sharma.

We recently hosted our third session on Decentralized Finance (DeFi) by CA Pankaj Mundra and have regularly been posting updates in the world of blockchain and cryptocurrency.

Finally, we have also come up with a n innovating blockchain and AI competition by the name of B.A.S.I.C aimed at high school students from around the world.

● Length of the project (Indicate the start and end dates)

The club was started on 21st July 2021 and will end in August 2022, the date is yet to be confirmed depending on the activities we wish to complete over the time period.

● Frequency of the activities (point out how often the activities are carried out and the approximate time spent on them)

Each session requires the combined efforts of all departments of the club, namely PR, Events, Tech and Presidency.

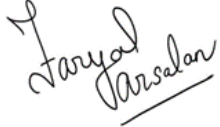

We have hosted 3 sessions already over the course of the year, each which required about 5-6 hours of planning, liaison and preparation. The event itself lasted about 1-2 hours.

We are also planning to host B.A.S.I.C. BASIC- Blockchain & AI Student Innovation Challenge, is a competition for high school students aged 13 and above. The main aim is to explore the use of Blockchain and AI in every-day challenges, in Urban Challenging or Healthcare.

DIA CAS PROJECT FORM

Finally, we might host another session to talk about cryptocurrency markets and blockchain technology and really take it to the next level to educate our target audience.
